

# BLACKVEIN CIRCUITS LIMITED

## REACH REGULATION EC 1907/2006

Reach is the European Union regulation concerning the Regulation, Evaluation, Authorisation and Restriction of Chemicals. It came into force in June 2001. A major part of Reach is the requirement for manufacturers and importers of said substances to register said substances with European Chemicals Agency (EHCA)

To this end we expect all of our suppliers to comply with this directive and to advise us accordingly of any potential exceptions. All Bare board suppliers are subject to the same regulations in regard to the substances listed as Very High Concern as detailed on the EHCA List - last updated 23/01/24

as will their suppliers.

BLACKVEIN CIRCUITS is committed in ensuring our suppliers compliance with the REACH Regulation to enable us in turn to offer the same assurance of compliance

Signed : I JEREMIAH DIRECTOR BLACKVEIN CIRCUITS LIMITED
